SEASONOVA S PRESERVATION

Preserving Brazil's Native Forests

Since **Seasonova's** creation, we have always been committed to **taking action for the planet**. This is why, in 2022, we are partnering with **Groupe SLB** and **Stéphane Ledentu** in the **Ecologic Program**. This program consists in acquiring land leached by intensive agriculture and **replanting trees** that will replenish the soil. **As an expert in forest creation for 30 years** in France, Brazil, Romania and Senegal, Stéphane Ledentu has values in common with others.

In 2022 alone, we were able to make our contribution **by planting 1,935 trees, making it possible to preserve 1.2 hectares of native forest** in the State of Paraná in Brazil. We are thus contributing to global carbon neutrality, through the voluntary fixation of an estimated 929 tons of CO₂.

The natural regeneration of native forests is a subject that is particularly close to our hearts. By staying at Seasonova, **you are helping to preserve the planet**.

SUPPORTS THE
OF OUR PLANET

Seasonova Honey

Seasonova is proud to support endangered species through a partnership with L'Abeille de Ré, a local company based in Loix on Île de Ré.

Their mission is to raise awareness about the vital role of **bees**. This initiative is a unique way to promote **biodiversity** and help protect a species increasingly threatened by **climate change and pesticides**.

Every year, **honey** from the campsite on **Île de Ré**, home to the hive, is harvested. It's sold in our campsites, offering guests a taste of this special **project**. A meaningful endeavor that truly reflects **Seasonova's commitment to nature and sustainability**.

Because every action matters, **we sponsor beehives** in Pont-L'Évêque.

A commitment to **protecting bees**, rewarded each year with **10 kg of local honey**.

QUIBERVILLE Albaster Coast

This coastline, named after its striking white chalk cliffs, is dotted with charming villages that once inspired Impressionist painters such as Monet and Pissarro.

Just like them, you'll be captivated, whether standing at the foot or atop the cliffs, strolling along our pebble beaches, or discovering the fresh catches

ACTIVITIES and adventures

Hiking, off-road electric scooter rides, paddleboarding, tree-climbing...

Quiberville and its surroundings offer countless activities to enjoy on your own or with others!

One must-do hike starts right from Quiberville: a 10 km route that is unmarked—because it can only be done when the tide is going out.

It's a classic way to admire the vastness of the Alabaster Coast cliffs and the charm of the seaside towns of the Pays de Caux coastline.

NATURE and heritage

In spring, the Longueil marsh comes to life, followed by summer and its long, sunny days on the beach of Quiberville.

Autumn brings gourmet hikes, where you can enjoy the glowing landscapes and taste the local products.

In winter, our villages are adorned with morning frost and sometimes snow highlighting the charm of our small rural heritage.

As you can see, every season is a good reason to visit us in the Terroir de Caux!

DISCOVERY Nature and heritage

Visit **the cellars of Beaufort** and discover the process of making and maturing beaufort cheese. **Learn from the free guided tours every day** (except Sundays and holidays)

Built in 1603, the Baroque Church of Saint-Saturnin is a must-see monument ! Guided tours are organized every week in order to pass on the knowledge of **a hidden treasure in the heart of the Sybelles**.

For the little ones, discover the donkey farm and **fall for the gentle and docile donkeys**. Donkey rides or a visit to the Museum, it's up to you.

***Six parks already open...
and this is just the beginning !***

With several Slow Parks already installed across France, in Saint-Julien-de-Concelles, Briare, Oberbronn, Sigean, Courtils and Vaivre-et-Montoille : Seasonova invites you to discover a new way of travelling: simple, human, and respectful of nature.

Come and experience it for yourself, and join our community of travellers who value comfort without compromising on freedom and well-being.

Un parc pensé pour vous

A place where your motorhome or caravan finally feels at home, fully autonomous, in a preserved natural environment.

Our **Slow Parks** are open 24/7, all year round. They are designed to offer comfort, safety, tranquillity, and a close connection with nature.

Whether you stay for one night or several days, take the time to slow down, breathe deeply, and enjoy the fresh air.

Practical facilities for a free and peaceful stay

Each park is equipped with facilities designed for autonomous travellers: electricity hook-ups, water points, waste disposal stations and well-organised spaces.

You remain in control of your schedule while having everything you need close at hand. Total freedom, in a safe environment that respects nature..

Event organization at our campsites !

Birthdays, ceremonies, seminars, and more!

Our commitments for your event

We **reinvent seminars**, co-working events, and **private evenings** to make them easy to organize, comfortable, original, and above all, **unforgettable**.

Depending on your needs, we can **take care** of all or part of your event. We commit to contacting you **within 24** business hours to discuss your expectations, followed by a tailored **quote within 48** business hours.

Coline, Sales Manager at Seasonova, will be your single point of contact for the organization and follow-up of your event.

She will oversee your project from start to finish.
