THE GUIDE TO THE ECO VACATIONER

Let's work together to protect the environment !

The right gestures

Let's use washing machines at 30°C, on an economy cycle or with a full load, to minimise water and energy consumption.

Let's look after the planet by using the sun to dry our washing.

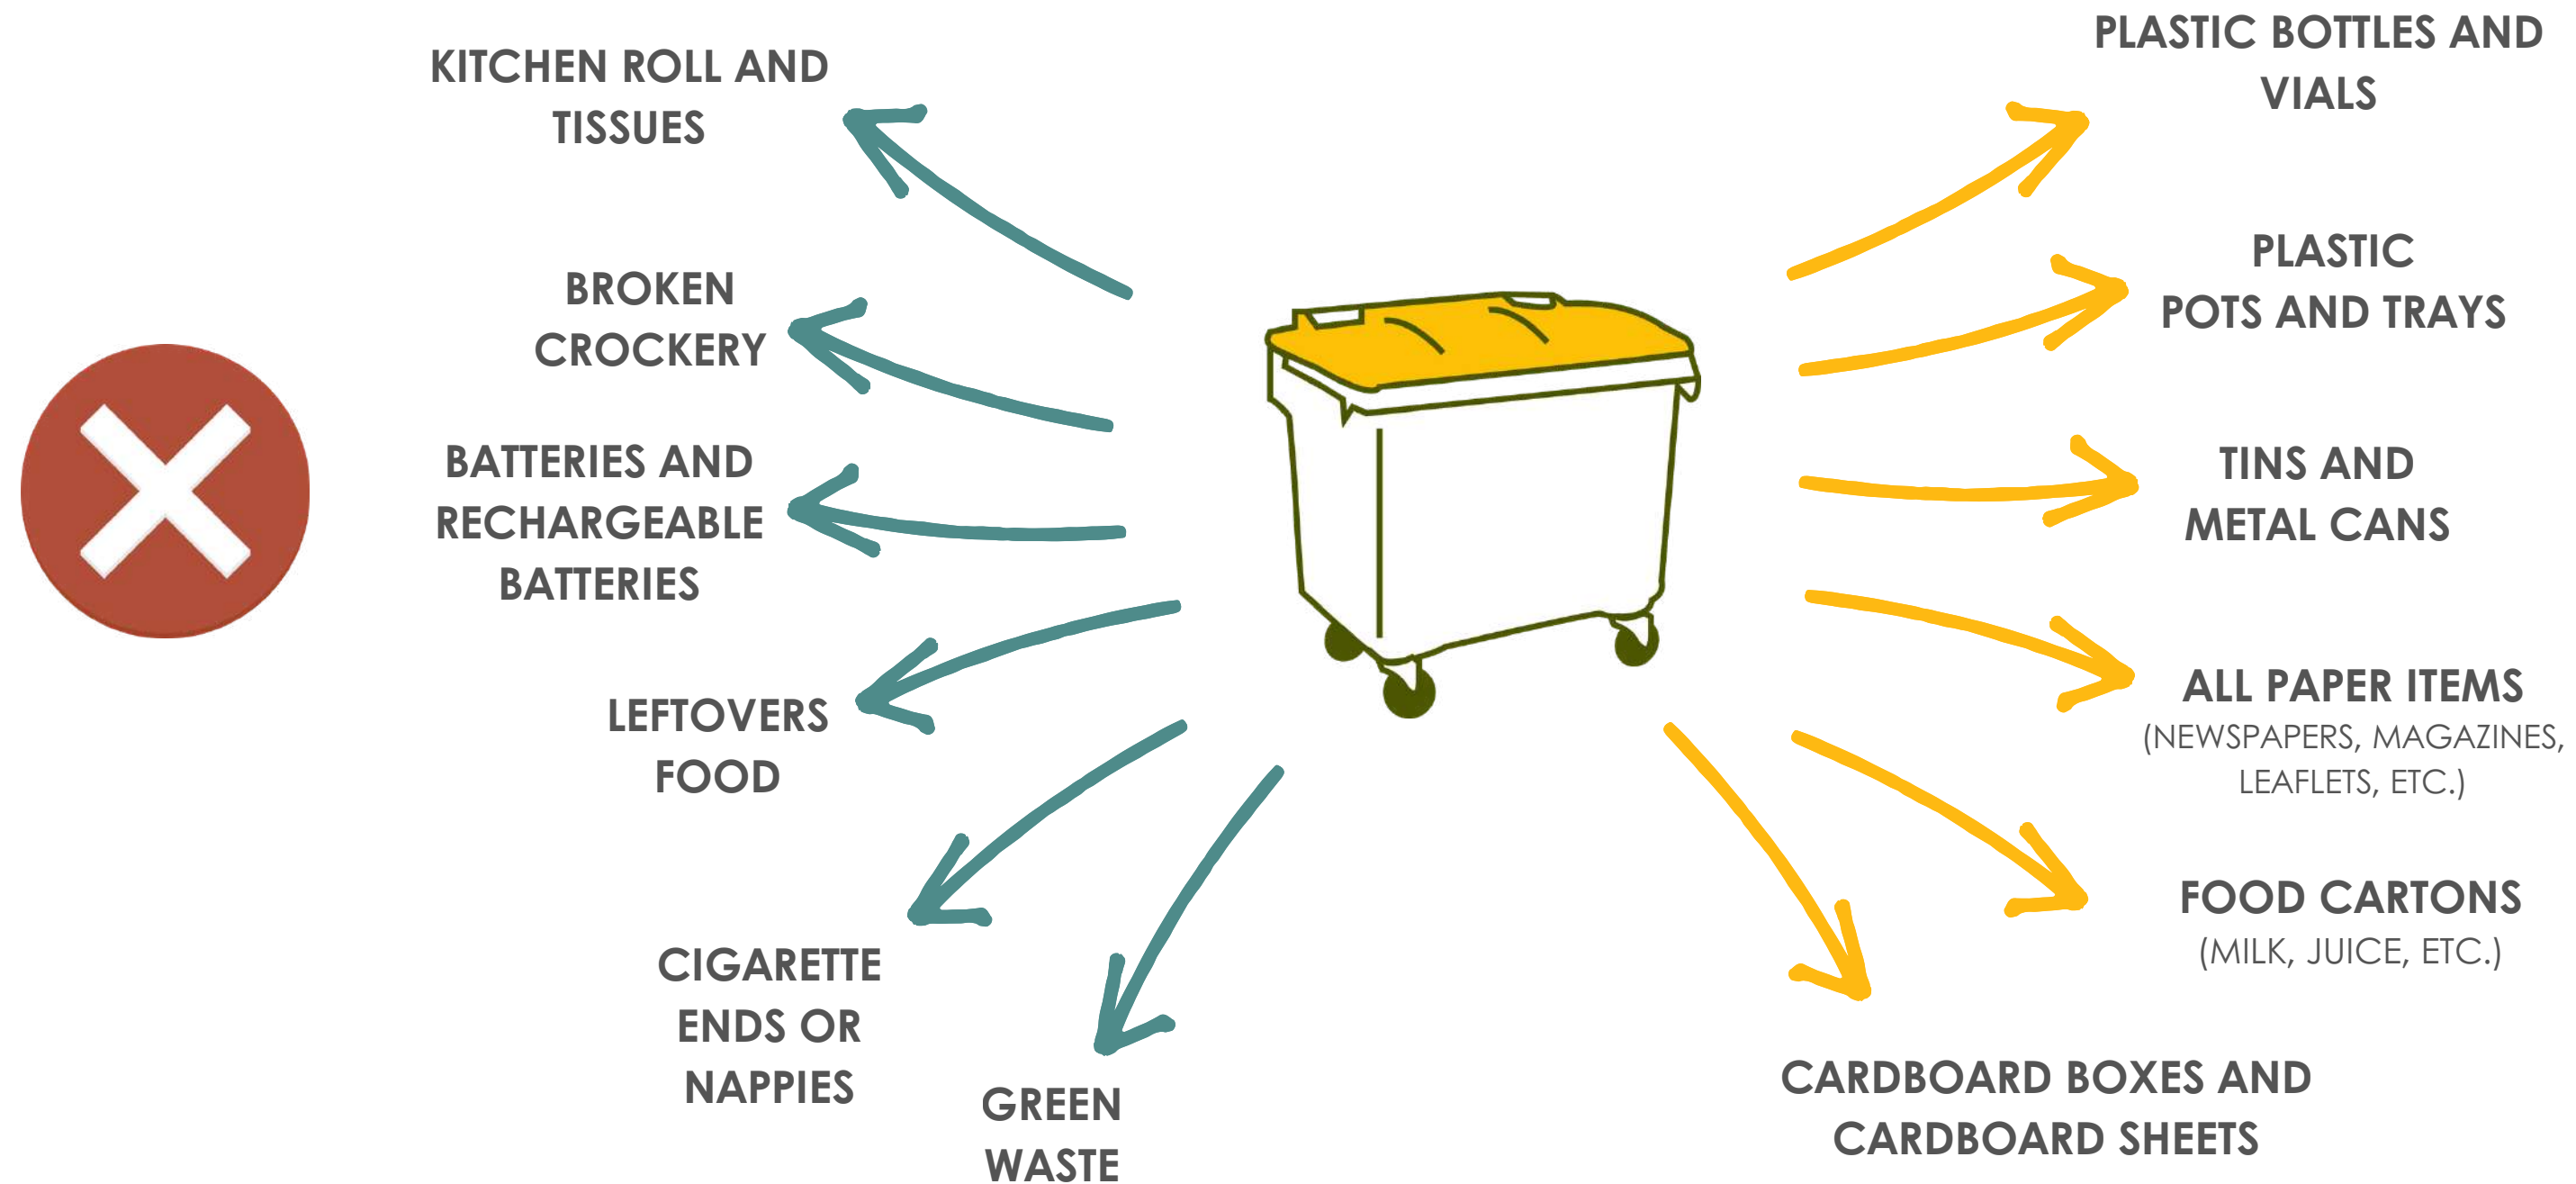

Use the dishwasher on the economy setting and only when it is fully loaded to reduce water and energy consumption.

Preserve biodiversity

We establish our campsites in preserved natural environments while ensuring that our impact on ecosystems remains limited. We prioritize gentle land management practices, without the use of pesticides, and implement measures that support local biodiversity (beehives, birdhouses, and insect hotels).

Some of our sites are located near forests managed by the French National Forest Office (ONF) or close to Natura 2000 protected areas. We have also installed beehives at one of our campsites on Île de Ré, populated by black bees, a protected species. These bees play a fundamental role as pollinators, which is essential for maintaining the balance of ecosystems.

Contribute to reducing greenhouse gas (GHG)

Since 2022, we have been committed to the Ecologic Program, which aims to restore degraded land through reforestation. Thanks to this partnership, we have planted 1,935 trees and preserved 1.2 hectares of native forest in Brazil, helping to sequester 929 tons of CO₂.

Promote an environmentally responsible culture

We are committed to training our teams in eco-friendly practices and raising our visitors' awareness of more environmentally responsible tourism through educational materials, activities, and "Green Days" events.

Promote the sustainable management of resources

We are committed to reducing our environmental impact on a daily basis. Waste sorting, composting, and awareness-raising initiatives promoting eco-friendly practices have been implemented. Water-saving equipment and the O-Cell system allow for accurate monitoring of water consumption and the detection of leaks.

Responsible purchasing

We prioritize responsible purchasing by supporting local supply chains and environmentally friendly products. Our procurement policy aims, in particular, to reduce packaging and waste at the source. We also support committed local producers, such as those behind the honey and the "slow life" sweatshirt collection available at our campsites.

Build relationships with partners

We strengthen our partnerships with organizations committed to protecting nature, particularly through initiatives focused on the black bee and permaculture projects that promote composting and the use of local resources.

Certify our commitments

Our goal is to gradually implement environmental certifications across our campsites, first by obtaining the Green Key label and, in the long term, the European Ecolabel.

Encourage sustainable transportation

We encourage sustainable mobility by making it easier to reach our campsites by train, bus, or bicycle. Bicycle shelters are provided, eco-friendly modes of transport are promoted, and our visitors are made aware of the environmental impact of their travel choices.

"The future is only the result of our present awareness."

Let's preserve our planet!"

BEFORE YOU LEAVE

To ensure we are as well prepared as possible for the arrival of our next guests, we would be grateful if you could take a few moments to :

- Close the windows and the door, and switch off the heating/air conditioning if it is running.
- Take one last look in the cupboards and drawers to check you haven't left anything behind.
- Empty the fridge and take any remaining food with you.
- Carry out the end-of-stay cleaning and dispose of your rubbish in the bins provided.
- We will check out together at the agreed time.

Thank you for your attention and cooperation. We hope to have the pleasure of welcoming you back to Camping Seasonova Le Plan d'Eau !

SEE YOU SOON

THANK YOU !

The whole team at Camping Seasonova Le Plan d'Eau would like to thank you for choosing our campsite for your holiday and hopes that your stay has been one of relaxation, new discoveries and wonderful shared moments.

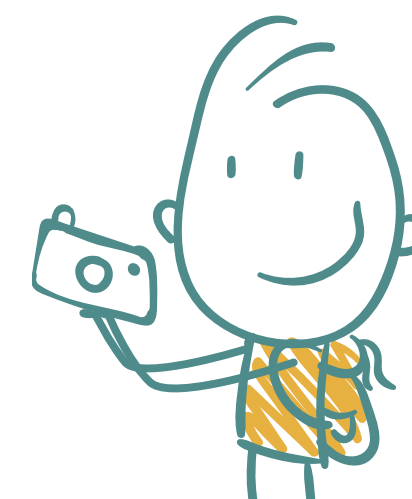

We hope you have made the most of the natural surroundings, the activities on offer and the friendly atmosphere that make our campsite so charming. Your satisfaction is our greatest reward, and we strive every day to offer you a warm welcome and high-quality services.

Before you leave, we'd love to hear your comments and suggestions to help us continually improve the 'slow life' experience for our guests.

We wish you a safe journey home and hope to have the pleasure of welcoming you back very soon for more adventures in the heart of nature.

See you soon at Seasonova!
